The Protruar 5.0 is equipped with a powerful 24V brushless motor offering a massive 160 lbs thrust, offering excellent propulsion for a wide range of boats and waterways. Equipped with step-less adjustable speed control and a magnetic safety lanyard. The motor can easily be tilted in and out of the water and the trim height is adjustable by way of a quick lock mechanism, so you can motor in almost any level of water. This Protruar model also features an LED battery level indicator. Suitable for both salt and fresh water use.
